## Draw a Rube Goldberg Machine!

### AN EPIC WAY TO MAKE A PAINTING

Rube releases ROPE (A), dropping BUCKET OF SAND (B) onto TRASH PEDAL (C). Lid springs open, hurling RUBBER DUCK (D) into MALLET (E), which slams down on PAINT TUBE (F). Large dollop of paint hits CERAMIC MUG (G), causing it to fall and hit "ON" SWITCH (H) of FAN (I). Spinning TUBE (J) connected to BELT (K) turns mechanical LAWN MOWER BLADES (L), allowing three BROOMS (M) to drag through PAINT TRAYS (N) and onto the CANVAS (O), creating an epic painting.
